## 7 INTERVENTION POLICY AND PROCEDURE

### 7.1 Academic Progress Intervention Strategy

Students must agree to and comply with intervention strategies proposed during the meeting.

Failure to comply with these strategies will result in enrolment cancellation. For international students, this will also lead to the cancellation of their CoE.

Once printed this is an uncontrolled document

Please refer to the Flow chart in Annex 2 of this policy.

## 7.2 Attendance Monitoring Strategy

- Where a student has demonstrated unsatisfactory course progress in a study period and/or has failed to meet attendance (minimum of 80% of projected attendance) requirements despite interventions implemented, Albright Institute will be required to report the student to DHA via PRISMS, and the student will receive a written notice informing them of the intention to report for non-satisfactory course progress and/or attendance and the reasons for the intention to report.
- Students have the right to appeal against this decision as per Albright Institute Complaints and Appeals Policy and Procedures <https://albrightinstitute.edu.au/formsand-policies/>. If the student chooses to access this process, the student will not be reported until the process is complete.
- Albright Institute will only report unsatisfactory course progress or unsatisfactory course attendance in PRISMS if:
  - o the internal and external complaints processes have been completed, and the decision or recommendation supports the registered provider; or
  - o the overseas student has chosen not to access the internal complaints and appeals process within the 20-working-day period; or
  - o the student has chosen not to access the internal or external complaints and appeals process; or
  - o the overseas student withdraws from the internal or external appeals processes by notifying the registered provider in writing.
- All records will be kept on the student's file (RTOM, LMS and in the student's electronic folder), including warning letters and the notice of intention to report.

## 7.3 Monitoring and recording attendances and absences

- Teachers mark attendance for each class session.
- If a student arrives late or leaves early, their attendance is adjusted to reflect this.
- The teacher must mark each student's class roll every day.
- The class teacher enters attendance data into the Learning Management System (LMS) on a daily basis.
- If a student is absent for two consecutive days, the class teacher notifies the Student Services Officer by email.
- Student Services then contacts the student via e-mail, SMS and phone call to check on his/her welfare.
- If a student has a medical certificate for a day missed, Student Services will check the truthfulness of this medical certificate, and then grant sick leave for that day the student was absent from class.
- Student Services scans the medical certificate and puts the scanned copy in the student's electronic file (in the student's folder number 6).
- The student keeps the original.

Once printed this is an uncontrolled document

- All attendance rolls are digitally updated at the end of each day on the Learning management system – LMS.
- Attendance rolls are monitored weekly.

Please refer to the Flow chart in Annex 1 of this policy.

#### 7.4 Warning letters

- Albright will issue a First Warning letter when the projected overall attendance is calculated at under 90% (between 89% to 85%) and the course progress is unsatisfactory.
- Albright will issue a Second Warning letter when the projected overall attendance is calculated at under 85% (between 84% to 80%) and the student continues to fail to demonstrate satisfactory course progress.
- Albright will issue an Intention to Report (ITR) [Unsatisfactory Attendance and unsatisfactory course progress Notification] when the projected overall attendance is calculated at under 80% (between 79% to 70%).
- All warning letters are sent to the student's email address as well as being made available at the school.
- Once an Intention to Report (ITR) warning letter is issued, the school tries to contact the student by phone and/or email and/or text message.
- If the student cannot be contacted for any reason, then the student's emergency contacts will be called.
- All copies of warning letters or contact records are put in the student's file on the RTO Manager and LMS.
- Following the first and second warnings and the final warning of Intention to Report (ITR), if the Attendance is still below 80% and the student is still not meeting course progress requirements despite interventions implemented, students are required to meet with the ELICOS Academic Manager. This is known as an Appeal meeting; this meeting can be done in person or via Zoom.
- The student has 20 working days (from the date of issue of the ITR warning email) to appeal the Intent to Report notice.
- At this meeting, the student must provide documentary evidence of compelling or compassionate circumstances that explains why they have been absent from class (An example of this is a medical certificate).
- The respective campus ELICOS Academic Manager will write up a formal note outlining the main points covered in the said meeting. This counselling note will be stored in the Student Management System (RTOM and LMS).
- If the ELICOS Academic Manager is satisfied with the evidence, then he/she advises the student of the need to maintain at least 80% overall attendance.
- The student will be notified of the decision in writing.

Once printed this is an uncontrolled document

- If the respective ELICOS Academic Manager is not satisfied with the student's evidence or if the student chooses not to access the complaints and appeals process within 20 working days or withdraws from the appeals process, the ELICOS Academic Manager will notify the Albright Institute's Compliance department, which will then notify Immigration through PRISMS.
- If a student's attendance drops to 70% or below, then the student can be immediately reported to DHA via PRISMS.
